

Varimax Information Systems Community Information Centres

- Provide your community with **up-to-date information** – in the town office, the community centre, the rink, the hospital, the library, the school, or anywhere where internet is available.
- **Reduce costs** by collaborating with the health region, the library, schools, the Chamber of Commerce, businesses and other organizations to provide community information using one standard system.
- **Build community awareness** - event announcements, job announcements, health and safety warnings, service club announcements, sporting event schedules and results, community celebrations, charities

Get the right information to the right people at the right time!

Varimax's unique offering allows organizations and communities to start with a small installation and grow when the need arises. This approach lets you enjoy all of the features of a professional, high end digital signage application without a large investment of time and money. Expand the network at your own pace.

Varimax Information Systems is a Saskatoon company that provides digital signage solutions to Saskatchewan organizations and businesses using Harris Corporation's **Infocaster™ Digital Signage System**. Varimax provides system design, system integration, training, and technical support for **Infocaster™**.

With Varimax's experience implementing and supporting **Infocaster™**, organizations and communities can be assured that exactly the right system is implemented for their unique needs.

Digital Signage....The Evolution of Communication

Varimax Information Systems and Infocaster™

Digital Signage Networks

PROJECT MANAGEMENT, NEEDS ASSESSMENT AND SYSTEM DESIGN

Varimax works with the client to determine the exact needs and design the system.

SYSTEM INTEGRATION

Varimax configures Infocaster™ and defines the necessary security groups to operate safely and effectively in your environment. Whether integrating into existing domains, establishing a new domain, or using a workgroup, Infocaster™ will be made to run seamlessly.

TRAINING AND STARTUP

Effective, high quality training is provided to all staff using the system. Installations include designing the initial screen layouts and the content.

APPLICATION AND TECHNICAL SUPPORT

Reliable, knowledgeable and responsive technical support is provided throughout the project and after implementation.

Front line support is provided by Varimax and backed by the Harris Corporation's Infocaster™ support team.

Varimax has digital signage installations in several locations in Saskatchewan including:

- Cameco's Rabbit Lake operation
- All Saskatchewan Indian Gaming Authority Casinos
- Several high schools and elementary schools in the Greater Saskatoon Catholic School Division
- The Saskatoon Public School Division board office

Varimax has also supported many Saskatchewan organizations with temporary signage at events such as:

- The Ronald McDonald House Ladies' Golf Classic at the Saskatoon Golf and Country Club
- The Huron Carole in Saskatoon and Regina
- The Royal Red Arabian Horse Show
- The Canadian Junior Hereford Association National Cattle Show
- The Potash Curling League
- The Saskatchewan School Boards Association annual convention
